An Authorized Varilux® and Crizal® Distributor

What is the PAIR 50 Program?

The Pair 50 Program is an ongoing program which encourages 2nd pair purchases to the patients by offering your practice 50% OFF the lesser-priced of the two pair of lenses. One pair must be Varilux.

What are the requirements?

To receive 50% OFF the lesser-priced pair of lenses, the order must be for the same patient, same prescription and both pairs should be ordered the same day or at time of pickup.

Mention "Pair 50" when ordering. **Hint... If you were unsuccessful selling the second pair at time of purchase, offer the second pair at time of pick-up!**
